Pharmacy Care during Wildfires

Patient care remains our primary concern during the Waldo Canyon Fire. Any TRICARE beneficiary displaced or isolated by the wild fires and in need of their prescriptions may come to the Evans Army Community Hospital's Main Pharmacy for assistance. The pharmacy is open Mon-Thurs from 8 a.m. to 6 p.m. and on Friday from 8 a.m. to 5 p.m.

Refills that were called in for pick up at the Air Force Academy are ready and waiting at the Commissary Pharmacy Refill Center, located within the Base Exchange at Peterson Air Force Base. If you are requesting refills from the refill line, you may choose to pick up at either Peterson or Evans.

Also, TRICARE, through Express Scripts, has implemented the "Emergency Refill Too Soon" procedures for El Paso, Larimer and Teller counties. The State of Emergency remain in effect until July 15th. To get an emergency refill, take your prescription bottle to any TRICARE retail network pharmacy. Contact Express Scripts at 1-877-363-1303 or search the network pharmacy locator to find the nearest network pharmacy.
